

Title: Fabrication Technician

Reports To: Fabrication Shop Supervisor

Johnson Plastics Plus is the leading supplier/distributor to the engraving and sign-making industry. As part of the Rowmark brand, JPP strives to provide world class products and service to our customers each day through our distribution facilities located throughout the U.S.

As a Fabrication Technician, you will be working on tasks and projects relating to the fabrication of customer orders and stock pieces. Your responsibilities will include accepting or rejecting materials based on set quality standards, operating all functions and maintenance on equipment, maintaining quality, productivity, and safety standards. As part of the Fab Shop, you will be required to follow expected procedures and assignments to ensure the Fab Shop remains clean, orderly and organized at all times.

Additional responsibilities will include, but are not limited to:

- Meet set/required deadlines on all projects.
- Operate RF handheld and labeling systems as required for the position
- Inspect and package finished product according to quality specifications and correct procedures.
- Understand Quality system, work Instructions and inspection sheet.
- Enter accurate production information in SRP software and communication logs.
- Understand and use location transfer system.

Qualifications:

- High school diploma or equivalent; Technical degree a plus
- Past experience with “hands on” mechanical/technical aptitude
- Competent computer skills
- Strong attention to detail regarding our quality standards.
- Excellent computer skills including the ability to learn specialized software
- Ability to learn new processes quickly and troubleshoot difficulties while upholding quality standards
- Ability to operate all quality equipment as required (gloss meter, color meter, etc). Training provided.
- Tow motor certification (preferred, not necessary. Internal training required)

Bonus Points If You Have:

- Positive attitude with a high level of accountability, personal drive, ambition, integrity
- Ability to communicate at the most direct level with supervisor and co-workers
- Effective analytical and trouble shooting skills
- Sets personal and professional goals, while demonstrating high work ethics
- Balances issues emotionally and objectively
- Experience with the operations of engraving equipment or printers and heat presses in signage or apparel industry

How to Apply:
